

cv

Personal Information

Name: YunHo Jung

Major: Computer Science & Engineering

About Me

Motivated Computer Science & Engineering student with a strong interest in software development and problem-solving. Experienced in object-oriented programming and software design through academic projects. Eager to expand technical knowledge and apply programming skills to real-world challenges.

Education

Seoul National University

Bachelor of Science in Computer Science & Engineering

Technical Skills

- **Programming Languages:** C++, Python, Java
 - **Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms
 - **Tools:** Git, Visual Studio Code
-

Project Experience

OOP Course Project

- Developed a software application using object-oriented design principles.
- Designed and implemented classes, inheritance structures, and reusable components.
- Collaborated with team members to analyze requirements and test functionality.
- Improved problem-solving and software development skills through project-based

learning.

Activities

- Participated in computer science coursework and programming assignments.
 - Continuously studying software development, algorithms, and emerging technologies.
-
